

30 Tonne pad eye tester

Our 30 Tonne pad eye tester is capable of testing pad eyes from 9.5—30 Tonne.

The pad eye is designed to be wide enough to be able to rotate 360 degrees around a pad eye.

The system has a pin for each of the Pad Eye sizes, with the capacities stamped on the head of the pin, the full range of pin sizes are 9.5Te, 12te, 13.5Te, 17Te, 25/30Te.

At a weight of 55 kgs it is also easily transportable.

On request we fit can mount lifting mounts of the legs of the pad eye tester for working at height.
